WOMEN HOLD RUM'S FATE

Upon Their Votes Today Depends Future of 3,000 Illinois Saloons.

GO WITH HUSBANDS TO VOTING PLACES

Ballots for Men Stolen at Pana, Where Fight is Bitter.

Chicago, April 7.—Upon the votes today of women depend the fate of more than 3,000 saloons in Illinois outside Chicago. In 324 townships in 67 counties they went to the polls and officially expressed their attitude toward the liquor traffic.

F. Scott McBride, superintendent of the Anti-Saloon League of Illinois, asserted women, using the ballot as a broom would sweep the dram shops from 33 counties, increasing the total of "dry" counties in the state to 63.

The saloon interests denied women are overwhelmingly against their business and asserted the claims of their opponents was based on sentiment.

Women Occupy Husbands.

Rain and cold were general in southern Illinois but thousands of women accompanied their husbands who stopped at the polls before going to work. They voted in large numbers in mid-forenoon showing their interest in the sharpest and most bitter fight ever waged between the saloons and their foes.

The local option question was not voted on in LaSalle county. Judge Charles C. Craig, of the state supreme court last night issued a writ of superseas, preventing consideration of the proposition.

Ballots for Men Stolen.

The ballots for men in Pana township were stolen from the town clerk, Walter Lester, early today by 25 men, according to a report he made to the police. Printers had worked all night to get out the ballots with the liquor question on them as provided by a local court decision.

As soon as they were printed the ballots were intrusted to Lester and he started to his office with them. Lester was unable to identify any of the men.

LONG TOM'S HEIGHT SAVES HIM CHICAGO PRISON TERM.

Chicago, April 7.—His unusual height yesterday saved Long Tom, a negro, from being sentenced to a term in the house of correction on a minor charge. A tape measure proved that Tom was 7 feet 11 inches tall.

"No, judge," said Long Tom, who arraigned in the morals court, "I didn't do anything wrong. I haven't an honest life, because if I did anything wrong, I couldn't escape if I went to the end of the world. I couldn't disguise myself." The judge dismissed Long Tom, who said he had no other name.

FLOPS BACK INTO RANKS OF G. O. P.

Through With Progressives, Says Mayor Batchelor, of Marion.

TELLS THE WHY OF IT

Marion, Ind., April 7.—James O. Batchelor, mayor of this city, a progressive party leader in 1912 and nominated by the progressives and elected mayor of this city last fall, today issued a statement that he has abandoned the progressive party and returned to the republican party.

He says he has taken this step because the abuses within the republican party against which there was revolt in 1912 have been corrected and that principles vital to the welfare of the nation are now at stake which can only be preserved by the reunion of all former republicans in the party of Lincoln.

Mayor Batchelor outlines the fundamental differences between the republican and democratic parties. He says he supported Roosevelt in 1912 like many other progressives, not because of the Columbus speech but in spite of it. He declares the proposals of innovation in the spirit and substance of government in Roosevelt's Columbus address are incompatible with efficient popular government.

Senate Wants Enlightenment on Tolls Exemption Repeal.

OPENS WAY FOR A FLOOD OF APPEAL

Canal Tolls Controversy is Yet Holding Center of Stage.

Washington, April 7.—Fifteen days of public hearings, beginning on April 6th, on the Sims bill to repeal the Panama tolls exemption, were decided upon today by the senate canal committee.

Administration supporters pressing for a minimum of delay in getting the Sims bill out of committee, professed to be satisfied with the plan for fifteen days of hearings, provided added time was not reserved for consideration of the bill after hearings are over.

The hearings will give opportunity for threshing out various amendments, principally.

HOBSON MANAGER ADMITS DEFEAT

Concedes Nomination of Underwood to Senate from Alabama.

VOTE COUNT IS SLOW

Birmingham, Ala., April 7.—L. B. Musgrove, campaign manager for Richmond Pearson Hobson, conceded Oscar W. Underwood's nomination to the United States senate in a statement made at 11:30 o'clock this morning. Mr. Hobson left Birmingham today for Washington.

Incomplete returns today from practically all of the sixty-seven counties in the state apparently substantiated early predictions that Oscar W. Underwood had defeated Richmond Pearson Hobson for nomination to the Alabama long term in the United States senate. Progress today in counting the vote was slow, and especially in the larger cities. Only four

Police Chief Gets Dose in Jail Himself

E. Holler.

Terre Haute, Ind., April 7.—Chief Ed Holler knows how it feels to be in the same jail to which he is instrumental in sending law violators.

He was haled before Judge Charles Fortune of the Vigo county circuit court, fined \$100 and given thirty days in jail for contempt of court. It was charged that he intimidated a witness in the Mayor Donn Roberts election conspiracy trial.

INDICTMENTS ARE STILL PILING UP

Siegel and Vogel Accused in Fourteen New Bills by Grand Jury.

LARCENY IS CHARGED

New York, April 7.—Fourteen new indictments against Henry Siegel and Frank E. Vogel, heads of the bankrupt Siegel enterprises, were handed in today by the grand jury that has been investigating the failure of the Henry Siegel & Co. private bank and the methods of the department stores controlled by the two men. The indictments charge grand larceny and violations of the state banking laws.

The indictments charge grand larceny deal with \$625,000 alleged to have been obtained by means of false statements. The indictments for violation of the state banking law charge that the two men accepted deposits for the bank when they knew it to be insolvent. Three other indictments charging the same crimes have already been returned against the men.

BOMB SENT BY MESSENGER BOY

Infernal Machine Explodes as He Hunts Address in Detroit.

2 KILLED; 2 INJURED

Detroit, Mich., April 7.—Victoria Gusmano, drug store proprietor, and Sam Cipriano were killed and two other Italians were injured when a bomb exploded in Gusmano's store here today. The injured men are in a serious condition and their recovery is uncertain. Leo Lunenburg, a messenger boy, who carried the bomb to the store, was thrown out into the street by the explosion. The store was wrecked.

The messenger told the police that two Italians gave him the package, which later proved to be a bomb, with instructions to take it to a certain number on Lafayette boulevard east. Failing to find the number which had been given him he stopped at a store for information and Cipriano, one of the victims, accompanied him to Gusmano's store to ascertain if the package was intended for the latter place.

Victoria Gusmano was examining the package with the other standing near when the explosion occurred.

IS QUITE SURE HE KISSED HER TWICE

Mrs. Dore is Recalled in Ecclesiastical Trial of Rev. Price.

CASE NEARING AN END

New York, April 7.—The trial of Dr. Jacob E. Price, pastor of the Washington Heights church, before the ecclesiastical court of the New York conference of the Methodist Episcopal church neared its conclusion today. It was believed a verdict would be announced by tonight.

Mrs. Claude B. Dore, wife of the attorney who prepared the charges of immoral conduct against the pastor, was recalled to the stand and said she was quite sure Dr. Price had kissed her twice.

Mrs. Hilma Dohr, another of the pastor's accusers, who said she received a number of letters containing threats, rushed from the trial room and said: "I have set out to fight the devil and his hosts and although he has more devices than I ever dreamed of I intend to show that alienist in there how much he knows before I get through with him."

Rev. Dr. Frank Bolcher, pastor of the Five Points Mission, in summing up for Dr. Price said the accusations were mere "hallucinations."

SUPPOSED CORPSE CLIMBS DOWN FROM SLAB IN MORGUE.

Hartford, Conn., April 7.—Half an hour after his companions had carried him to an undertaker's morgue as dead, after touching a wire carrying 2,300 volts, Carl Lundell suddenly sat up, rubbed his eyes and when he saw where he was, he got down from the slab and hurried out of the place. Lundell was at work on the Middletown bridge across the Connecticut river yesterday. When he touched the naked electric wire he plunged forward and fell to the floor of the bridge. While he was being straightened out on the undertaker's slab Lundell moved a leg and then sat up. He had been stunned only and after a few moments he had recovered sufficiently to leave the place and walk home unaided. He carried no marks of his experience except a burn on one hand.

SEVEN GIVEN PRISON TERMS

Sterling Debenture Company Officers Sentenced for Stock Frauds.

MADE MILLIONS; NOW PENNILESS

Swindled Thousands of Victims Throughout the Country.

New York, April 7.—Seven former officers and agents of the Sterling Debenture company today received prison sentences of from three to six years for using the United States mails to defraud investors in the stock of enterprises promoted by their corporation.

In sending them to the federal penitentiary at Atlanta Federal Judge A. B. Anderson declared that although the defendants maintained that they were penniless they had in fact made millions at the expense of thousands of victims throughout the country.

Six Years Heaviest.

The heaviest sentences, six years, were imposed upon George H. Middlebrook, of Chicago, first vice president of the Sterling Debenture company; Frank Shoemaker, a former president, and Henry H. Platt, a minor officer.

Benjamin C. Mudge, president of the Oxford linen mills, of Northbrookfield, Mass., received a four year term. He was a chemist and inventor whose alleged discovery of a process to make flax yarn from flax straw at an enormous saving, was widely advertised by the Sterling company in its campaign for the sale of Oxford linen mill stock.

Get Off Easier.

Three year sentences were imposed upon Willbur M. Stone, a patent expert; Elynn Baron, a prospectus writer, and W. S. Edwards.

The seven defendants were found guilty last night by a jury in the federal district court after a long trial, at which they tried to prove that Mudge's process was all they had claimed for it, and that they were engaged in a bona fide stock selling campaign.

FARE BOXES GO ON STREET CARS

Cars operating over the city lines of the Fort Wayne and Northern Indiana Traction company are to be equipped with fare boxes either tonight or tomorrow night, and when passengers get on a car, instead of paying fare to a conductor, they will simply drop the fare into a fare box. According to General Manager S. W. Greenland, this is done to save time and also for the purpose of allowing the conductors sufficient time to look after the safety of the passengers. The deal for the contract has been pending some time and the boxes were purchased from a company in Cleveland. The plan has been tested on a number of the cars for some time.

Models Submitted by Sculptor Hibbard for Proposed Monuments to Gen. Wayne and Col. Swinney

These models of proposed monuments to General Wayne and Col. Thomas W. Swinney in Fort Wayne, now on display in the window of the Foster furniture store, are by Frederick C. Hibbard, of Chicago, and he says it will take a year and three months to deliver them. Of this time six months will be required in the foundry casting the bronze.

The pedestal of the Anthony Wayne monument is seven feet high, seven feet wide, twelve feet six inches long and of Barre granite. The figure is a life and a half, or nine feet, and from the pedestal to the top of the horse's shoulder is eight feet, to the tips of the ears eleven feet and the whole is twenty feet high. The cost is estimated at \$16,000.

The proposed Swinney monument is a slab of Barre granite nine feet high with a figure seven feet tall. There is space on the back for a tablet. The face shown is not that of Col. Swinney, the figure is simply being used to show the relative size.

Judge Who Will Decide Frank's Fate

Judge B. H. Hill.

Atlanta, Ga., April 7.—The fate of Leo M. Frank, convicted slayer of 13-year-old Mary Phagan, rests practically in the hands of one man—Judge Benjamin H. Hill, who on April 14 will decide whether or not Frank will be given a new trial or sent to the gallows.

A new trial practically means freedom for Frank. Judge Hill may deny the trial, he may deny the attorneys the right to carry the case to the supreme court—he may free Frank or send him to death on the gallows.

FIFTEEN DAYS OF HEARINGS

(Continued from Page 1.)

Among them one to reaffirm the sovereignty of the United States over the canal zone and its right under the treaty to grant an exemption to coastwise ships if it desired to do so.

Still Holds Interest.

The controversy continued to elapse interest in all other business in the senate chamber. Senator Works, republican of California, made a lengthy speech analyzing the treaty obligations of the United States.

"The granting of this exemption is a purely domestic matter," said he. "There could be no discrimination against Great Britain because no foreign nation can enter into the coastwise trade."

Senator Brandegee, republican, cast the only vote against the hearings, saying he did so because he believed the committee's action would have no weight. He urged that the repeal bill be returned to the senate without any report and that the fight be transferred to the floor. The committee adjourned until Thursday with the understanding that the authors of various bills and resolutions on the subject will then be heard, pending the arrival of witnesses from New Orleans and the Pacific coast.

First Vote Taken.

By a vote of 35 to 27, the first taken in the senate on the Panama toll exemption controversy, Senator Poinsett's resolution asking President Wilson for an explanation of the language of his repeal message, was referred to the foreign relations committee.

Woman Suffrage Again.

The woman suffrage amendment recently defeated in the senate was again reported to that body today by the suffrage committee and was placed in the calendar.

Senator Hoke Smith gave notice that he would raise a point of order against it.

GET ACQUAINTED EVENING.

Social Affair to Be Given at the Y. W. C. A. Building.

The "Get Acquainted Evening" which was planned and was to have been given at the Y. W. C. A. several weeks ago but which was postponed on account of a bereavement in the family of one of the officers of the association will be given next Monday evening, April 13, in the association rooms on the second floor.

This event will be both for business and social time and the social committee will have charge of the social end of the affair. The purpose of this meeting is so that all the members will get to know each other better as the name of the affair suggests.

Due to the unfavorable weather last evening only a few attended the meeting of the Landscape Gardening and Floriculture which was to have been organized. Since only a few were present it was decided to call a meeting for organization some time later.

QUITS JAIL FOR HOSPITAL.

Picture-Slashing Suffragette Given Leave to Undergo Operation.

London, April 7.—Mary Richardson, the militant suffragette who was sentenced to six months' imprisonment on March 12 for damaging Velasquez's "Rokeby" Venus in the national gallery, was released from Holloway jail today to undergo an operation for appendicitis. The operation had been recommended by her doctor last autumn. The authorities granted her six weeks in which to recover from the operation, but will extend the period if the patient's condition should render it necessary. Miss Richardson, who has served less than a month of her sentence, has promised to remain in a hospital or sanitarium until the expiration of her leave of absence.

WOULD CHANGE SEWER VALVES

Mayor Plans Easier Way for Lakeside Protection from Backwater.

THE MUNICIPAL NEWS

Mayor Hovey has under consideration plans to make easier protection of Lakeside homes from backwater through the sewers in time of floods. He finds that valves that can be closed by pressure from the city mains are feasible and can be made a matter of practical operation above ground by anybody, even a child. The sewer gates could be opened and closed by means of a hydraulic cylinder put in operation by simple leverage means installed on the surface of the ground and kept locked so they could not be modified with when not needed. A part of the mayor's plan would be a different sort of gauge to register the stage of water in the Maumee. His idea is a gauge resembling those used on water tanks to indicate the stage of water contained, placed so that it could be easily read day or night. This would always indicate whether or not there were any necessity to close the sewer valves.

Mayor Hovey also believes it would be an excellent thing to install similar river gauges on various bridges that cross the Maumee so that in times of flood in different parts of the city could be ascertained and causes for such variations looked for and studied. It is probable the matter will be taken up with W. S. Palmer, in charge of the local weather station and later with Congressman Cline with a view to getting the federal weather bureau to provide such river gauges.

Board of Works Looking for Site and Propose Combining With Jail.

The necessity of making early provision for new police headquarters for the city has had serious consideration by the board of works for some time and a number of sites have been looked over and prices obtained. So far the board has been unable to find an eligible site that can be purchased at a price that is reasonable. The board wants to take the police headquarters away from the present location so that there will be no interference by traffic on the Barr street market. Of the several sites examined none is wholly without objection of some sort in addition to the high cost.

Chairman Singery, of the board of works, has suggested that it might be a feasible plan for the city and county to join in the construction of a combined county jail and city police station and build it on the county property north of the present jail. The county commissioners today stated, when their attention was called to the matter, that they had not had time to consider the proposal and had no opinions to express.

Whether or not the city and county combine in the manner proposed, a new building to accommodate the police headquarters and city court is almost imperative and some step will be taken in the near future.

TESTING WATERPROOF LINING.

City Chemist Giving New Substance a Laboratory Workout.

City Chemist Eugene A. Schott is today subjecting to chemical and practical tests a liquid substance called "polythene" with which it has been proposed to coat the interior walls of the Lakeside street reservoir. The purpose of the test is to ascertain if the material is what it is claimed to be and whether or not it is likely to remain for a long period insoluble in water. The old lining of asphalt and hurlup is to be removed and the mayor and board of works are looking about to find for it a substitute that will better answer the purpose. Chemist Schott was doubtful, so far as he had been able to "prove" today, that the material he was testing would service the purpose.

MONUMENT MODELS EXHIBITED.

Models for the proposed monument to General Anthony Wayne, to be erected in Old Fort park, the site of General Wayne's stockade built in 1794, and another of the proposed bust and memorial tablet to be erected to Colonel Thomas Sweeney, donor of Sweeney park to the city, have been sent here by Sculptor Frederick C. Hubbard of Chicago, and they are on exhibition in the window of the Foster Furniture store on Court street. Mayor Hovey and the board of works inspected the models today. The Wayne monument will cost about \$18,000 and the Sweeney memorial \$1,500. The Wayne monument fund, for which there has been a city levy for many years, now amounts to something like \$13,000.

TO RATIFY CONTRACTS TONIGHT.

At a special meeting of the city council this evening the contracts with the Fort Wayne Electric works and a Chicago concern for the equipment to be added to the city power station will be ratified.

WILL COST CITY TOO MUCH.

The board of works has placed in abeyance the petition of Boone street property owners to have their thoroughfares from Cherry to Watkins. The number of intersections will increase on the city an expense for which the board has not in hand any funds. At yesterday's meeting the board ordered plans for paving the alley between Jefferson and Madison streets from Farmer to Division, and for cement sidewalks on both sides of Maumee avenue from Farmer to Glasgow.

Wildwood Builders' company, two-story frame residence at 3317, 3319 and 3321 Broadway, \$2,500 each, and two-story frame residence at 319 Kinnaird avenue, \$3,000.

Julian Wagner, two-story frame residence 213 Court street, \$2,500.

TO MEET LAKESIDERS TOMORROW.

The conference set for today between the board of works and a committee from Lakeside regarding the payment of costs for repairing the Lakeside dike has been postponed until Wednesday afternoon.

WOMAN DEAD AS RESULT OF CASTING FIRST BALLOT.

Chicago, April 7.—Mrs. John Haggel, of Aurora, colored, is dead as a result of having cast her first ballot against saloons in the local option election today. Her husband said she voted "dry" without waiting for him to go with her to the polls and he slapped her. She became so angry, he said, that she shot herself. As the bullet had entered the back of the woman's head Haggel was arrested on a charge of killing his wife.

POLICEWOMAN AT STATIONS.

New Movement for Protection of Girls at Chicago.

Chicago, April 7.—Beginning today women and girls who come to Chicago or who pass through the city to other destinations will have the protection and assistance of policewomen at the railroad stations.

Ten of the city's twelve policewomen, who were given a special course of instruction last week, were assigned to the railroad stations under an order issued yesterday. Two of the policewomen were assigned to the detective bureau.

During the winter months the policewomen were assigned to duty at the city's public dance halls. Last summer and fall they patrolled the downtown streets in an effort to eliminate flitting.

NAMES POLICE COMMISSIONER.

A. H. Woods Gets New York Place Offered as Col. Goethals.

New York, April 7.—Mayor Mitchell today answered the question asked most often since he took office by appointing Arthur H. Woods, one of his secretaries, police commissioner. Mr. Woods, a Harvard graduate, former newspaper man and several years ago a deputy police commissioner under commissioner Theodore Ringham, will take office tomorrow. How to fill this office has long been a problem with the mayor of New York. Mr. Mitchell tried to settle it by offering the place to Col. George W. Goethals, of Panama canal fame. The state legislature refused to change the laws governing the office and the mayor abandoned his effort to persuade the colonel to accept the office.

NEXT GOES TO KENDALLVILLE.

Evangelical Association Conference at Linn Grove Ends.

Linn Grove, Ind., April 7.—Woman suffrage was unanimously endorsed by the Indian conference of the Evangelical association at its final session here. The conference also placed itself on record in favor of the restoration of the bible in the public school, and a communication was addressed to Charles Greathouse, the state superintendent of schools. The session for 1915 will be held at Kendallville beginning April 26.

The conference during the last year made a gain in membership of 511, the present membership being 12,246. The contributions for all purposes was \$214,710.25.

CABINET CHAOS IN JAPAN.

Count Kiyoura Gives Up Task as Too Big a Job.

Tokio, April 7.—The Japanese empire has been thrown into a condition of political confusion because of the failure of Count Kiyoura to form a cabinet to replace that under the premiership of Count Yamamoto. The vicecount today informed the emperor that he had been compelled to give up the task entrusted to him.

All the political groups except the army and navy have gone on strike. Many of the eminent men declare that money is needed for warship construction.

MINERS ARE DISSATISFIED.

Ohio Workmen on Strike Prepare to Return to Europe.

Bridgeport, Ohio, April 7.—Reports of dissatisfaction among the striking miners of the Fifth Ohio sub-district, United Mine Workers, reached district headquarters here today. It was said that many of the men fearing a protracted struggle are preparing to return to their old homes in Europe. Union organizers are holding meetings at the more important mines explaining their position and urging the men to stand by the action of the organization.

The Home Supply Co.'s annual stockholders' meeting will be held at the Commercial club rooms, Wednesday evening, April 8th, at 8 o'clock.

DANCED TANGO ON A PUBLIC STAGE

Frank Edgell Alleges That Against Wife in Divorce Suit.

NEWS OF THE COURTS

Among other reasons assigned by Frank Edgell why he should have a divorce from Edna Edgell is that without his permission she went on the stage of a local theater with another man and in public danced the tango. This, however, is rather a small part of the burden of what he has to say in a complaint to the superior court. He says he was married to Edna last May and that she deserted him last February and went to a rooming house to reside. At one time when he called there to induce her to return to him he says he found her in a room with a male person and on a later occasion found her in a room with the same fellow-roomer at night. He says he has given her \$5 a week for her support since she left him. She has refused to return, associates with other men on the streets and writes post cards to men signing her maiden name, he declares.

Notes of the Courts.

In superior court title has been quieted in the plaintiff in the case of Maria Mangon vs. John M. Rinnon.

The last will and testament of Alaric E. Wickliffe, who committed suicide at his home a few days ago, has been filed for probate. The property is left to the wife during her life. Charles Schmidt's will, just probated, bequeaths his property to his step-daughter, and the will of John Jones provides for a distribution to his six children.

Charles A. Molitor has sued Rose Molitor for divorce, in the superior court, alleging that she keeps the company of other men, neglects her household duties and remains out late at night. They were married in 1903 and separated last July. He asks the custody of four children.

In the superior court Judge Yapple has granted a divorce to Eva L. Fryer from Harold Fryer and ordered the defendant to pay certain sums for the plaintiff's support. The court reserves the right to make provision for the support of a child, now unborn, when it shall have been ascertained to exist.

In the circuit court judgment for \$268.31 has been rendered defendant in the suit of Albert Huser vs. the Egly-Doan Elevator company.

Judge Eggegan, in the circuit court, today received the plea of guilty by Ernest Huesslein to petit larceny and sentenced him to pay a fine of \$10 and serve one to eight years in the reformatory. Sentence was suspended.

The circuit court has rendered judgment for \$130 for plaintiff in the case of Lorinda Moore vs. Jerry C. Evans, et al.

In the suit of Herman Wealung, et al. vs. William Embury, et al. and of Henry P. Scherer vs. William Embury, et al. both to quiet title, judgment for plaintiffs have been rendered in the circuit court.

The circuit court has rendered judgment for plaintiff in the suit of John H. Bass, et al. vs. George P. Bissell, et al. to quiet title.

Lower Court Decision Affirmed in Rebating Decision.

Cincinnati, April 7.—The United States circuit court of appeals with Judges Warrington, Knapp and Denison on the bench, today affirmed the lower court's decision in the case of the Grand Rapids and Indiana railroad and the Nichols & Cox Lumber company of Grand Rapids, Mich., vs. the government. The railroad company had been adjudged guilty of soliciting, accepting and receiving rebates and was fined \$14,000 on fourteen counts. The lumber company also was found guilty and was fined \$3,000 on three counts. The conviction was obtained under the Elkins act.

TAKEN UNDER ADVISEMENT.

Delaware County Commissioners Ponder on Muncie's Election.

Muncie, Ind., April 7.—The commissioners of Delaware county today took under advisement the question whether the option election held in Muncie March 9 is invalid. It is contended by the "dry" side that the election was properly conducted and that the use of the voting machines was permissible. The "wet" side say they protested against the machines being used because of imperfection in the mechanism. They asserted further that because the "drys" had to have a local majority as shown by the voting machines, there was no election.

GRAND JURY AT BRUCE KILLING

Witnesses Tell Body What They Know of Slaying by A. B. Trentman.

WILL TAKE TWO DAYS

This morning the Allen county grand jury convened pursuant to order by Judge John W. Eggegan of the circuit court to make an inquiry into the slaying of Howard T. Bruce by Anthony B. Trentman in the Anthony cafe on the night of March 27. It is expected that it will require all of tomorrow to hear the testimony that Prosecutors Harry H. Hilgeman and Deputy Prosecutors Stephen A. Callahan and Frank R. Dulin are prepared to offer.

A large number of witnesses was examined today. The testimony relates only to the shooting, as the grand jury has no authority to inquire into the mental condition of the slayer at the time he fired a fatal shot into the colored head waiter at the Anthony.

It is expected that an indictment for murder in the first degree will be returned and that Trentman will have to go to trial facing this charge.

The grand jury is made up of William Shepperson, Scipio township; Frederick Schaeffer, Milan; Frank Urbine, St. Joe; Martin Lapp, city; George Bobilya, Marion; and Charles M. Lovelace, city. Juror Urbine was selected foreman and Juror Bobilya clerk of the body.

CREDITORS FILE PETITION.

Want Egly-Doan Elevator Company Declared Bankrupt.

Five creditors of The Egly-Doan Elevator company have filed a petition in the federal courts here asking Judge A. B. Anderson to declare the firm a bankrupt. The petition is signed by Dan H. Niede, Max J. Blitt, C. C. Schlatter & Co. and the First National bank. In the petition the creditors allege that the company is insolvent and a settlement in the United States court is demanded.

DETROIT IS GOING "DRY."

But Cause is Brewery Strike, Not Local Option Vote.

Detroit, Mich., April 7.—Production and delivery of beer manufactured by Detroit breweries was practically stopped this afternoon by a strike of 1,200 brewery employees working in the various plants. The brewers' workers, bottlers and engineers seek an increase in wages and in some cases shorter hours. The brewers claimed this afternoon the labor trouble would be of brief duration.

OHIO ELECTRIC TO RETRENCH.

Springfield, Ohio, April 7.—The Ohio Electric railway which operates electric lines over a greater part of central and western Ohio through its general passenger agent, W. S. Whitney, today announced that as a result of retrenchment policy of the company 48 passenger trains will be annihilated April 16. The Ohio Electric operates the Lima and Van Wert-Fort Wayne line.

DENOUNCED AS UNFAIR.

Washington, April 7.—Selection of the twelve federal reserve bank cities was assailed again today in the house. Representative Tupper (democrat) of Louisiana, speaking for New Orleans, which got no bank, denounced the locations as unfair.

Republican Leader Mann said a large percentage of people believed that the plan had been worked out in a partisan way.

"Anybody can see," he added, "that the lines of trade were not followed in the designation of the cities."

Baltimore's protest at having been left off the list was voiced by Representative Linthicum (democrat). Senator Ramsdell asked to have the New Orleans mass meeting resolutions attacking the reserve bank locations read in the senate, but Senator Hoke Smith objected, and after a sharp exchange Senator Ramsdell gave up the attempt.

LOSES TWO FINGERS.

J. R. Burdick, of Maumee avenue, is at Hope hospital, where this morning two fingers of his right hand were removed. His hand was accidentally caught in machine gears. Monday while he was at work at the plant of the Craig Beach company and the fingers were crushed in such a manner that amputation was necessary.

ONE DEAD; OTHERS VERY ILL.

Muncie Family Is Poisoned by Eating Chicken.

Muncie, Ind., April 7.—Carl Haines, aged 7, is dead, two brothers and a sister are seriously sick, and the parents, wife and Mrs. Charles Haines, and another child are believed to be recovering, following ptomaine poisoning the result of eating chicken. The members of the family became sick immediately after the evening meal and physicians were called.

THE DEATHS

FUNK.

Michael Funk, a brewer employed at the Centivire Brewing company for the past twenty-seven years, died at 7:30 o'clock this morning at the family home, 335 Centivire avenue. He was 62 years of age and his death was due to complications. He had been seriously ill for the past five months.

He was born in Germany July 19, 1851, and came to America in 1881. He was a member of St. Mary's Catholic church and of the St. Carolus Bormann's Unterstuetzungsverein of that congregation. Surviving besides the widow he leaves four children—Harry A. Funk, of San Francisco; Frank Funk, of Fort Wayne; Mrs. John Deppen, of Fort Wayne, and Mrs. Clarence Palmer, of Elwood, Ind.

Funeral services Saturday morning at 9 o'clock from the residence and at 9:30 o'clock from St. Mary's Catholic church. Friends are asked to kindly omit flowers.

HORNING.

Sarah A. Horning, aged sixty-two years, a resident of Fort Wayne for the past twenty-five years, died at 8:30 o'clock this morning at the family home, 242 Williams street. Her death was caused by heart disease.

Mrs. Horning was the wife of Max Horning and she was born August 10, 1851, at Kenton, O. She had been in poor health for the past six years. She was a member of the Ladies' Auxiliary to division No. 18, Brotherhood of Locomotive Engineers and was widely known. Surviving she leaves three children, Edward Deady, Emmett Deady and Jay R. Deady, of Chicago.

Funeral services Friday afternoon at 1:30 o'clock from the residence and at 2 o'clock from the First Evangelical church, Rev. E. Q. Landman officiating. Interment at Lindenwood. Friends are asked to kindly omit flowers.

STUCKY.

Mrs. Leah Stucky, the wife of Henry H. Stucky, of Grubill, Ind., died at 10:30 o'clock this morning at the Lutheran

hospital, where she had been a patient for several days suffering an attack of peritonitis.

Surviving she leaves the husband and two children, Len and Miss Hulda Stucky. She also leaves one adopted daughter, Orla, three sisters, three brothers and her aged mother, Mrs. Samuel R. Brown, of Berne, Ind.

News of Our Neighbors

FALLS IN VAT OF BOILING SAP.

Young Lad of Huntington County Badly Injured in Sugar Camp.

Huntington, Ind., April 7.—Rosecoe Fanning, the eight year old son of Mr. and Mrs. Leonard Fanning, who live on the Kiser farm west of town, suffered probably fatal burns when he fell into a kettle or vat of boiling maple sap that was being made into maple syrup.

Mrs. Fanning was within a few feet of the boy, saw him fall and dragged him out before his entire body was covered by the scalding fluid. She stripped off his clothes immediately, but the skin where the hot sap had touched came off with the clothes.

The boy had climbed on the stones supporting the kettle or vat to look for his dog, which was barking some distance away in the woods. He slipped and plunged backward into the boiling sap. In an instant Mrs. Fanning had caught him and dragged him out, suffering slight burns in doing so. She pulled the clothes from his body and summoned assistance to take him to the house, a short distance away.

A Huntington physician was called and it was found that the boy's entire back, legs, chest and one arm had been scalded. This makes more than one-third of the total skin area of the body, and most cases of the kind are fatal.

WANTED TO SQUARE UP.

Bluffton, Ind., April 7.—James Drabenscott, of Fairmount, Ind., came to Bluffton to attend the funeral of his nephew, Floyd Drabenscott, and while so close to Uniondale he made the trip there to adjust a wrong which he claims he did to Donaldson Wilson while he, Drabenscott, lived on the Arthur Lockwood farm, which he had rented at the time. Mr. Drabenscott told Mr. Wilson that while working in a field preparing to sow wheat a turkey of Mr. Wilson's came into the field and he picked up a stone and threw it at it and killed it. Then he threw the turkey over the fence. The past winter, during a protracted meeting, he was converted and his conscience would not let him rest until he adjusted matters with Mr. Wilson, who told him that he never missed a turkey, and consequently he would not receive pay for the fowl.

CRIPPLED FAKER CANNED OUT.

Bluffton, Ind., April 7.—A cripple who gave his name as Aikens and his home as Ossian, was soliciting funds in Bluffton yesterday for the ostensible purpose of securing an artificial limb. He was questioned by some of the people whom he approached and when they found that he knew nothing about Ossian an investigation was made and it was proven that the fellow had misstated his residence. Marshal Henry Fritz escorted him to the I. U. T. station and started him south, with instructions to stay out of Bluffton. The fellow said that he expected to "work" at Montpelier.

FIND RELIC OF THE STONE AGE.

Portland, Ind., April 7.—A relic of the stone age in the form of a granite wedge or ax, was picked up from the rock blown from the bowels of the earth when a new oil well was shot on the Freeman Jones farm in Bearcreek township. It is not believed, however, that the tool of the olden times was dislodged from the well by the shot, but that it had lain near where the well was drilled. The well makes a fair showing of oil. The lease is owned by J. C. Yanke, of Tiptonville, Pa.

DEATH FOLLOWS BREAKDOWN.

Albion, Ind., April 7.—Olin Baker, expert accountant, who lost his mind following a complete nervous breakdown last week at Angola, where he was at work, is dead at the home of his mother in Noblesville, Ind. He was first brought from Angola to his home here and later taken to Noblesville. He leaves a widow, who was formerly Mrs. Stella Breiden, of Kendallville.

Have You Talked to Any Man Who Has Bought Sherman's Clothes?

AND FOUND HOW ENTHUSIASTIC HE IS ABOUT THEM?

Men who see these Suits do not need to be urged to buy—they're eager to get the benefits, the clothes sell themselves. Many who bought last Saturday have brought their friends in during the week to buy. Every man in Fort Wayne would buy one of our Suits if he would come into our store—look over the immense line of Spring Suits at \$10. More styles and patterns at this price alone than you will find in most Fort Wayne stores' entire stock.

FROM FACTORY TO YOU

With our great chain of stores and our own factory making thousands of garments weekly and selling direct to you

We Save You the Middlemen's Profit of \$5 to \$8

If you expected to pay \$15.00 to \$18.00 for your new Spring Suit—save the difference by buying here. You will have the same quality, same material, and the same workmanship—the only difference is the price.

We Urge You to Remember Two Things:

FIRST—That our prices are not elastic. You do not come into our store expecting to pay \$10.00 and then be talked into a higher priced garment, because it looks too good to sell for \$10.00. There is one price that we charge—\$10.00—no more, no less.

SECOND—That the materials are among the season's best all-wool fabrics. Every shade and weave is represented. The garments are tested for their quality and durability, which makes our guarantee possible.

Hundred's of New Spring Suits

Plain and fancy stripe all-wool blue-serges—guaranteed against fading, shrinking and puckering at the seams. The new rough finished chevrons, cassimeres and homespuns—in plain and fancy browns, grays and blues, through and through all-wool worsteds; blacks and fancies. Norfolks in fancies, browns, blues and grays. Sizes and styles to suit and fit every man from a young man of fifteen to the large extra size man.

COME TOMORROW

Examine these Suits. You will then be fully convinced of the money saved. Your choice, any suit in the store, \$10—no more, no less.

FINDS HUSBAND
A COLORED MAN

Helen Smith, Young Girl,
Did Not Know It for
Some Time.

NEWS OF THE POLICE

Helen Smith went through her honeymoon and was fairly launched on a sea of domestic trouble before she discovered that her husband instead of being a Caucasian, as she supposed, was a colored man. Then she left him and says she will get a divorce. Mrs. Smith was hooked out of a Turkish barber shop on Holman street one night last week and held on a loitering charge. Her case was continued until today and during the hearing she disclosed that she was coupled up with an Afro-American gent, whom she charged with having owned "the hand that dragged her down." Mrs. Smith was the center of an admiring and polyglot group of wops in Turk Barber's barber shop. She is wanted as a witness in some blind tiger cases that are under way and others that will be set in motion.

Caught Syrian Tiger Keepers.
In connection with the investigation whereof the Smith woman's arrest was a step, Officer Bert Smith, who arrested her, framed a coup in the poolroom conducted at 1321 Lafayette street by Tom Phillips and Neom Popoff, Syrians. Suspecting that beer was being illicitly sold in the place, Officer Smith marched in one night last week. There was a

hurried skedaddle of foreigners from an upstairs room. An empty beer bottle on the floor was a hint. Last night Officer Lynch in plain clothes went and purchased a bottle of beer and was just transacting business with it when Officer Smith came in and made the pinch. In the city court this morning Phillips and Popoff wanted a continuance to consult a lawyer and their cases were continued until Friday. Charges of running a blind tiger and of selling liquor without license were lodged against each of them and \$200 bond was fixed on each count, making \$800 that the foreigners started in to raise the wind for. The Smith woman testified in court this morning that she had served beer at different times during her employment at the Turkish barber shop.

Mexican Thieves Get Sixty Days.
On their pleas of guilty to petit larceny Poncho Billa, Francisco Gervara and Pedro Tavalra, a trio of Mexicans arrested last week, were given 60 and 30 days in jail each. This will hold them for sixty days. They broke into the People's clothing store, 609 Calhoun street and stole nine pairs of trousers which they had sold to a second hand dealer. Detective Sergeant M. A. Rindel, who unraveled the robbery, finally landed on the Mexicans and they were arrested for loitering. Later they confessed to the stealing, but said it was a job of sneaking instead of burglary. They got into the store on the night of the 1st by cutting through a shutter and removing a pane of glass.

Other City Court Cases.
Judge Kerr found Jacob Hirsch, manager of the Grand Leader department store guilty of refusing information to Nelson H. Kyser, a deputy factory inspector, and assessed a fine of \$10 and costs. The defense offered no testimony and an appeal was taken to the circuit court.

James Sullivan was fined \$5 and costs on a vagrancy charge. He was arrested by Officer Paul, who had seen the man

repeatedly begging on the streets. Sullivan pleaded that he was drunk and did not know what he was doing.

Boy Irick, drunk, was arrested down and out in McCallum park by Officer Folger. His case was continued until tomorrow.

Paul Hightower, arrested at the home of Justice Henry Grabner early this morning, was still too drunk to be arraigned and was continued until tomorrow. He had frightened Mrs. Grabner at the Grabner home in the east end of the city.

Frank Ward, a drunk held since last week, was let go to get back to his job at Laketon, Ind.

The case against Fostel Haranmore, colored, charged with criminal assault on a ten-year-old colored girl, was continued until Saturday.

Dr. and Mrs. P. T. Gillie, of Mansfield, O., are the parents of a baby daughter. Dr. Gillie is the son of Mrs. James Gillie, of this city, and his wife was formerly Miss Elizabeth Fyfe.

JOINT MEETING
OF TWO WARDS

South Side People Have a
Plan to Improve
Weisser Park.

COUNCILMEN ACTIVE

A joint meeting of the property owners and residents of the Tenth and Seventh wards of the city is to be held Monday night at the James H. Smart school, at which time plans for the improvement of Weisser park will be discussed. A number of other matters of importance to this part of the city will be considered and aside from taking some action in an effort to have Weisser park enlarged and beautified, the southsiders will discuss the extension of Gay street to the park. This would open for the market several residence lots fronting on Edgart street and the sale of the property would be another step in contemplated improvements in that section.

Councilman H. F. Korte, of the Tenth ward, and Councilman Peter Offenloch, of the Seventh ward, are arranging the meeting and urge all residents of the two wards to be present.

During a heavy storm in Keola, Colo., a farmer lost his hat, and some time later received it by parcel post from a man in Sidney, Neb., which is forty miles away in a straight line. The latter had found the hat on his farm and discovered the address of its owner inside.

"NOT AT HOME"

A 4-Reel "Screecher" Film

THE SENTINEL'S DAILY SCRIPTURE READING.

Matthew 27:1-14.

1 When the morning was come, all the chief priests and elders of the people took counsel against Jesus to put him to death.

2 And when they had bound him, they led him away, and delivered him to Pontius Pilate the governor.

3 Then Judas, which had betrayed him, when he saw that he was condemned, repented himself, and brought again the thirty pieces of silver to the chief priests and elders,

4 Saying, I have sinned in that I have betrayed the innocent blood. And they said, What is that to us? see thou to that.

5 And he cast down the pieces of silver in the temple, and departed, and went and hanged himself.

6 And the chief priests took the silver pieces, and said, It is not lawful to put them into the treasury, because it is the price of blood.

7 And they took counsel, and bought with them the potter's field, to bury strangers in.

8 Wherefore that field was called, The field of blood, unto this day.

9 Then was fulfilled that which was spoken by Jeremy the prophet, saying, And they took the thirty pieces of silver, the price of him that was valued, whom they had valued at three pieces of silver.

10 And gave them for the potter's field, as the Lord appointed me.

11 And Jesus stood before the governor; and the governor asked him, saying, Art thou the King of the Jews? And Jesus said unto him, Thou sayest.

12 And when he was accused of the chief priests and elders, he answered nothing.

13 Then said Pilate unto him, Hearest thou not how many things they witness against thee?

14 And he answered him to never a word; insomuch that the governor marvelled greatly.

City and County in Partnership

If there are no legal obstacles to prevent a partnership of that sort, the suggestion of Chairman Singery, of the board of public works, that when the new jail that Allen county must soon have is constructed, the city join with the county and provide at the same time new police headquarters, has much to commend it.

Chief objection, it seems to The Sentinel, would lie in the location of the present jail territory, from which, in reaching the main portion of the city it would be necessary for police vehicles to cross railway tracks. Under present conditions this might mean unfortunate delays in hurried calls, but this is an objection which would disappear when the time comes for arranging for a separation of grades with the Nickel Plate railroad through the city.

That present police headquarters are both unsanitary and inadequate is painfully evident, and the crowded conditions will grow steadily more pronounced as the city's increasing population makes added police facilities imperative.

That Allen county can not much longer defer the building of a new jail is a fact well recognized, and preliminary steps to that end have already been given some attention. Officials realize that it would be utterly folly to attempt a reconstruction or improvement of the present structure. Though perhaps not quite so immediately imperative, a very similar situation confronts the city with reference to its police headquarters. There would be many advantages in a county-city arrangement that would enable the two corporations to work together in the question of housing to police departments as well as the prisoners of each near together.

Announcement that democratic action on the canal tolls issue is to be assiduously worked as a campaign issue by republicans and progressives in Indiana this year somehow fails to create any sort of panic among the ranks of the democratic leaders. Nor is it at all likely to be effective in stirring up the rank and file of the people, for they are not vitally concerned in the welfare of the shipping trust. That the free tolls repeal is a square reversal of the position taken by the Baltimore platform will strike the average voter as affording little ground for condemnation. Rather is he apt to give democracy credit for the right-about-face movement when it discovered it had probably made a mistake, just as it commends the private individual under similar circumstances.

Deputy Revenue Collector Sharp, of Fort Wayne, appointed as a republican, has been requested to forward his resignation by May 1, and doubtless a democrat will be named to succeed him. It is believed, however, that Collector Sharp was fortified against a too violent shock of surprise. It is merely a part of the political game, and Mr. Sharp is by no means a novice at that interesting but sometimes disappointing form of diversion.

Lansing, the state capital of Michigan, has just been voted "dry" at a county option election. Distressing as this fact may seem to those Michigan statesmen of bibulous habits, it is not believed it will absolutely deter them from patriotically rushing to the front and saving their state during such brief periods as the legislature may be in session in Lansing.

Despite the hue and cry from some quarters which followed the selection of reserve bank cities, there has been formal protest in but one instance, that coming from New Orleans, which failed to get in among the chosen. But, inasmuch as it is certain that no changes will be made in the list, what's the use to kick, after all?

PRESS ON CONDUCT OF FILIPINO AFFAIRS.

Most Serious Phase.

Chicago News: "Perhaps the most serious phase of the present situation in the Philippines is the supplanting of civil service employees of the government, Americans, by untried spoils appointees, Filipinos."

Yet Much to Learn.

Troy Times: "The Filipinos have got much to learn of the art of self-government. But they do not seem to be receiving very valuable lessons under democratic tutelage."

The Program.

Philadelphia Inquirer: "Their [the Filipinos'] present program as announced is to have the United States guarantee the Filipinos absolute independence in all internal affairs and to maintain a fleet and army to protect them from outside interference. For this the United States is to receive thanks, but is to be denied the slightest supervision of any kind over domestic affairs."

Inconceivable.

Rochester Democrat and Chronicle: "It is inconceivable that the Filipinos are at present as capable as the Americans who have served in the Philippines of carrying on the work of developing the social and intellectual conditions of the natives."

Common, Prudence.

New York Times: "If notices are to be broken into the minor offices, it would be the part of common prudence to keep at the head of each department capable American administrators until the new force is trained."

Under Our Flag.

Troy Northern Budget: "The Filipinos have proven a fine field for the extension of our trade. They will prove finer every year that they are under our flag. When that is hauled down, as the present administration has contemplated doing, our trade will shrink to the minimum of 1898."

WHEN A RICH GIRL WORKS.

(Indianapolis Star.)

The entrance of the daughter of a Chicago beef packer into a Boston hospital for the purpose of becoming a trained nurse is a fresh illustration of the fact that young women of the wealthy class find it difficult to content themselves with the aimless round of social life.

When a girl not compelled to earn her living takes up a laborious and serious calling people are apt to ascribe the act to some special and unusual motive. If it is a labor of service, as in this case, religious consecration is hinted at, or a wish to forget some secret sorrow. If it is a profession or business occupation, the verdict is likely to be that she is eccentric, "queer." The simple explanation in any case probably is that, being intelligent and well educated, she feels a desire to make something of herself more than a pig to hang clothes on.

She knows she can marry, but because she is wealthy she can not be sure that she is sought for herself alone and she may not feel disposed to wait patiently in her father's house until an acceptable suitor makes his appearance. She is young and active and, being her father's daughter, naturally has the impulse to do things. If she had been a son she would be expected to do things. Being a daughter, she is expected to restrain her energies or to allow them to display themselves only in the family circle or in social activities.

Home and society grow monotonous and tiresome to her, just as they do to her brother, and she wishes to break loose and try her wings. Often and often in these days she overcomes family opposition and does undertake a bit of the world's work. Whether she perseveres or not, whether she accomplishes anything really useful or not, the venture will not harm her as social idleness would and may be a blessing to her all the days of her life. To know what work means is always good for rich or poor.

YOU CAN HAVE A WEALTH OF BEAUTIFUL HAIR

HERPICIDE.

Nothing equals an aureole of beautiful hair as a frame for a pretty face. Without a background of nice hair a really pretty face frequently becomes plain and, with it, unattractive features assume life and beauty.

Every woman can increase her natural charm by using Newbro's Herpicide. Herpicide makes hair beautiful. The dandruff germ snaps the vitality of the hair. Herpicide applied intelligently and regularly checks this destruction of hair and prevents the hair from falling out, giving it a snap and luster, a soft, silky fluffiness which can be acquired in no other way.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Send the in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

Applications may be obtained at the best barber shops and hair dressing parlors. For sale by all drug stores.—Adv.

No. 13

No. 13

Every consumer of electric current wants to be served in the most efficient manner at the lowest possible cost. It follows indisputably that the consumer should give his patronage to the agency that holds out to him not only the greatest present advantages, but the best ultimate prospect.

The consumer should consider these facts: The Fort Wayne City Light and Power System is a municipal investment. The investment is already more than paid back in the lower rates it has enforced for all consumers in the city and in economies for public lighting. The City Light and Power System is fully paid for. The cash is in hand or in sight to discharge this year all costs incurred for improvements now under way to double the capacity of the plant and distribute its current. It has no interest charges. It has no cash dividends to pay to stockholders who have invested in the business as a money-making adventure. Its only fixed charges are for operation and depreciation account. It will meet all fixed charges, pay for all improvements and have surplus of over \$40,000 at the end of this year. The betterments to the system that will be completed in 1914 will equip the plant to take care of all possible increase of commercial business and necessary extension of public lighting for several years.

Do not these facts prove that the best interest of the consumer of electric current lies in patronizing the City Light and Power System? Does not the municipal establishment hold out far and away the best advantage for the present and greatest prospect for the future, both in the points of efficiency and rates?

No other agency here has or even can possess the business advantages held by the City Light and Power System. This is a perpetual truth because the City Plant is not a money-making enterprise, but is maintained and operated wholly in the interest of the people.

To Absorb Freckles And Other Blemishes

Every spring numerous inquiries are made by girls seeking some reliable recipe for removing freckles. Last year very favorable reports were received from many who had used mercurized wax during the freckling season. The wax seems to possess unusual properties which completely absorb the freckles, with no harmful effect. The complexion improves wonderfully, becoming as soft as a rose petal, and as delicately tinted. Get an ounce of mercurized wax at any drug-gist, spread a thin layer of it over the entire face every night for awhile, washing this off in the morning. For rough, spotty skin, sunkenness, blackheads, pimples, and all cutaneous blemishes, this treatment is superior to any other. Springtime also brings wrinkles to many sensitive skins that are much exposed to winds and changing temperatures. To a half pint with hazel add an ounce of powdered axolite, which quickly dissolves. Bathe the face in this; the effect on a wrinkled skin is remarkable.

GOAT MENACES AN ERIE TRAIN.

"Butt" from Rear Feared by Employees, Who Release Animal.

Hammond Ind., April 7.—Fearful lest a goat which was tied to the rear of the train might "butt" into the caboose and cause disaster, trainmen on the Erie railroad halted the train yesterday after it had covered a mile. The goat was released alive and evidently unharmed despite its rapid chase over the line. The animal, which belonged to a neighbor of John Nadden, was tied to the head of the train, who planned to be rid of the odor. Police are searching for Nadden.

WOMAN KILLS SELF IN BARN.

Puts Bullet Through Head While Visiting Her Brother.

Fort Madison, Iowa, April 7.—Taking a revolver from under the pillow of the bed of her brother, at whose home she was visiting, Mrs. E. P. Saunders, of Polaski, Iowa, early yesterday went to the barn and shot herself through the head, dying instantly. Dependency as the result of illness is given as the cause.

To Put an End to All Superfluous Hair

Advice to Ladies Who Have Been Deceived and Disappointed.
By a Specialist.

Thousands of ladies and even young girls have learned to their sorrow that it does not pay to strive with hairy growth on the face and arms by trying to remove them with worthless pastes, powders and liquid depilatories that smelt awfully and burn like mud. A well-known woman who succeeded in entirely and painlessly destroying all trace of her hairy growth has arranged to put on public sale the scientific discovery that cured her, after all else failed. It is a simple, inexpensive, harmless and amazingly effective treatment which she has called Mrs. Osgood's Wonder. It never fails to remove all hairy growth, superfluous hair absolutely without pain or injury to the skin or complexion and in a surprisingly large number of cases has killed the hair roots so it has never returned. You can get it from Meyers Bros. Drug Stores, or any up-to-date drugist or department store, on the guarantee of money back if it fails. Ask for it by name, "Mrs. Osgood's Wonder." Signed guarantee with every package. If you have tried all the advertised depilatories in vain and want quick results, this new method deserves your immediate attention. Let me caution you, however, not to apply Mrs. Osgood's Wonder to hair growths you do not wish totally destroyed.

Certainly Cures Coughs

When the throat becomes clogged with phlegm and produces a "hacking" cough which interferes with your work and your rest at night, you should take

Nyal's Winter Cough Remedy

If the phlegm or mucous deposits are allowed to remain, they will not only greatly irritate the membranes of the throat—the bronchial tubes and lungs will become infected as well.

Nyal's Winter Cough Remedy promotes a relaxation of the inflamed air passages, causes the mucous membranes to throw off the phlegm and

Prevents Further Infection

The first few doses bring prompt relief.

Enslow-Weaklin. Miss Minnie Weaklin, who has been forewoman at one of the Ross Manufacturing company works for two years, and Mr. Ernest Enslow were married on Sunday morning at 9:30 o'clock in the study of Westminster church by Rev. Alexander Evans. Miss Loretta Auld and Mr. Charles Hartbridge were the attendants. Mr. Enslow had been with the Perfection Insulating company for six months but has taken his bride to Moline, Ill., to reside.

Will Hold Art Exhibit. There will be an art exhibit at the James H. Smart school next Friday to which a small admission will be charged. The proceeds are to be used in purchasing pictures or other works of artistic character for the school.

Now Would You Kiss and Make Up If the College Girls Hazed You?

Purdue Co-Ed, Painted With Red Ink, Daubed with Mucilage, Stuck With Pins and Ducked in Cold Water, Isn't Angry—Only Seeks Pay for Damaged Eyesight.

(By Honor Fanning.)

Lafayette, Ind., April 7.—If you were a little college maid and had been having lots of fun romping around with the other girls of your class after an evening's study, would you come back ready to "kiss and make up" if older girls of the senior class had done these things to you?

Broke into your bedroom. Tore off your clothes. Poured red ink all over you. Daubed you with sticky mucilage. Stabbed you with pins.

Dipped you into a tub of cold water. Maybe you'd be angry and ready to fight after you'd gotten the ink and mucilage off and the doctors had cured you of the effects of being ducked in cold water.

But not so Mabel Rogers, the pretty little freshman student in Purdue university here.

When she got well again she came right back to college, ready to "kiss and make up."

But she thought that the girls who so cruelly hazed her should pay for the damage done.

"This is no more than fair, I think," she explained to me while chatting with her in her room.

"I'm not angry at them. I have no ill feelings toward them at all."

Miss Rogers is the sole support of her widowed mother. Her eyesight, she says, has been affected by the cold-water plunges that cold winter day, and she figures it out that her good eyes were worth \$7,000. Hence, on April 15, the seven seniors who are charged with carrying schoolgirl pranks to the extreme of torture will face a \$7,000 damage suit. Miss Rogers will be the complainant.

The seven defendants are: Miss Ruth Cowan, Chicago; Miss Mary Clark, Clark's Hill, Ind.; Miss Mary Sheridan, Attica, Ind.; Miss Agnes Phillips, Monroeville, Ind.; Miss Helen Lee, Oxford, Ind.; Miss Esther Kisser, Terre Haute, Ind.; Miss Mary Blue, Star City, Ind.

Although Purdue is under "gang-rule" and neither faculty nor student body will discuss the suit, Miss Rogers herself gave me her version of the hazing.

"It was no college girl 'prank' the girls played on me. Pranks would not have

rendered me unconscious and hysterical and I would not have to go to the hospital. I would not be wearing glasses today if the treatment I received was not terrible.

"You see, it was like this: Thirty of us girls live at Ladies' hall. The freshmen—I am one—live on the third floor; the seniors have rooms below us. The seniors complained that we made too much noise and we were having lots of fun, you bet! On the night of January 22 one of the seniors came up and ordered us to be quiet. When we weren't quiet seven of them came up and they followed me from the hall into my bedroom. They pulled off my kimono and tried to pull off my clothes.

"They poured red ink over me and put mucilage over my shoulders. Then they stabbed me with pins. The more I fought them off the worse they got. At last they dipped me in a tub of cold water. I'm not very strong and that made me hysterical. I became very sick."

"No one knew it till noon the next day, when the matron came. She brought the doctor and I stayed in bed until Tuesday. Then I tried to go to class, but was too sick. The doctor came again and I was sent to the hospital. Mother came

Laugh—and Live Longer

(By Ida McGlone Gibson.) This is a "smile" talk to the woman who belongs to the "tearful" society. Are you never going to smile again?

Why? You, my little lady, with the drooping mouth and morbid passion for sympathy; you, whom mother called "giggler" only a few years ago, because it was simply impossible to suppress the smiles and laughter. Why do you now look as though you had struck the "drooping off" place?

You surely can't have forgotten those jolly, rollicking days when with Anne, or May, or Bess, you snuggled down into a corner and giggled at anything—nothing.

Wasn't it a bit, though? The very thought of it almost makes you giggle again.

Troubles? Just disabuse your mind of the fact that they are all showered on you. Everybody has them, though some people don't shake them out and hang them up in the air all the time, to display them for entertainment of their acquaintances. And "the woman worth while" is the one who can smile when everything goes dead wrong.

Also she will live much longer than if she allowed her troubles to drive the laughs away.

So send your resignation to the Tearful society and join the Jolly Order of the Smile. That Won't Come Off! club. It's a lot more fun.

WILL DINE OUT TONIGHT.

Bryan Improves Rapidly From His Severe Cold.

Washington, April 7.—Secretary Bryan, who had been detained at home by a heavy cold for several days, was much improved today and although he expected to remain in doors throughout the day, it was said he would dine out tonight.

FASHION FADS.

Paris prescribes gray wigs for the women and ruffles for the men.

The silhouette of today is the drooping shoulder, large waist, extended hips, bustle effects and narrowness at the ankles. The new silhouette which will be in vogue next season shows the narrow shoulder, slightly curved waist, flat hip effects and the flare at the ankles, all of which are in absolute contradistinction to the present figure line.

In separate waists transparency is the vogue.

Taffetas, moires, failles and bengalines are in high favor.

Many of the newest cotton gowns for summer have taffeta waists and short tunics, or the cotton empire gown is supplemented with a printed silk bolero having loose kimono sleeves, elbow length.

She Tells What's What in Grand Opera

Anne Shaw Faulkner

Chicago, April 7.—As "first aid" to the music student, the "fired business man" or the tired wife of the business man, who attends grand opera, Miss Anna Shaw Faulkner has found a unique occupation. Miss Faulkner is an interpreter of grand opera. With informal talks, lectures and concerts she interprets the music of the masters. The motive, the music and the message of each opera is interpreted.

HENRY KLEINSCHMIDT DIES.

AT THE EMPRESS

The Empress theater has a good bill this week, headed by La Jolie Dondina, the French model, but as usual, the management of the Empress has general specialties to offer the patrons and the first of these features will be staged this evening when Mamie Harris and Osa Brown, two well known colored residents, become man and wife, the ceremony to be solemnized on the stage. This will be the third stage wedding at the Empress, and it is said that as an agency for Cupid the popular playhouse is doing some good work.

Getting back to the regular show program this French model is supposed to be one of the most physically perfect women in the world. Posing in a frame, a stereopticon throws striking costumes on her person and in the operation of the picture machine three separate films are used and the color schemes of these views is said to be better than anything similarly attempted here in recent years. The Seven Malvera Comiques give an unparalleled comedy and acrobatic offering, keeping the audiences in a continuous uproar during their time on the stage.

The act is new in its setting and the acrobats are clever and show in their work a lot of hard training. Tom Waters is here again and when one says that most of the vaudeville patrons know what to expect, Tom is one of the best known men on the American stage and working alone in vaudeville is new for him, but his lines are clever and he is able to entertain alone as he formerly did with the support of the big companies in "The Pink Lady" and "The Candy Shop." The Sans Girls, in the opinion of many, surely take time off once in a while for the purpose of designing new gowns. These girls make so many changes of costume that it is almost impossible to believe they appear so often in different clothing. And each of their gowns is designed along the lines dictated by modern fashion. Miss Nana Sullivan has a clever sketch that is pleasing all who see it.

AT THE MAJESTIC

"The Great Griffith" Every Afternoon and Evening This Week.

The Great Griffith, at the Majestic all this week, is creating considerable talk and his show, unique as it is, has proven to be one of the best popular priced attractions of the season, and from a laughing standpoint no two shows this season have had the laughs Griffith gets in one.

Aside from the scientific end of his performance his feature last night was a hypnotic circus, in which he had a number of local subjects, under suggestion, doing acrobatic flip flops, arais, tumbling, bareback riding, clowning and every comedy stunt ever done with a circus. This created more laughs than he got on his opening and it would seem almost impossible for an audience to laugh more and not go into absolute hysterics. He caused, in one of his scientific demonstrations, five men to stand upon the body of a small boy, whose head was on one chair, his feet on another and his body suspended.

His window stunts are sensational and after having two people asleep for fifty-seven and twenty-four hours in the window of the Fort Wayne Outfitters, he will today hypnotize a young man and place him in the window of the Fort Wayne Outfitters. This young man will ride a bicycle all day and will be awakened on the stage of the Majestic tonight.

Two other favorites are here again, namely Al Weston and Irene Young, who have an unusually funny line of talk called "A Modern Flirtation." They made one hit and are now doubling it. George Harada is a Jap and he has a bicycle. Doesn't sound out of the ordinary, does it? But Harada has something new and he's clever. All the way along the bill is a good one, very good at that to put it mildly. Just take a wet evening off and see the show and you'll feel well repaid.

EASTER HATS A large assortment of beautiful Easter Hats at \$5.00. Come in this week and try them on. You will find more style and better materials in our \$5.00 Hats than you ever thought was possible in Hats at this price. 100 beautiful Hats to choose from.

AT THE TEMPLE

Al Lewis is again at the Temple for a few days and as he is funny enough to enjoy a half dozen times in the same sketch, Temple patrons are liking there those wet days to get rid of their gloom. And Al Lewis is certainly a gloom chaser. The name of his act is "The New Leader." It surely is a peach, too. De Haven, Nice and Delavon were features of a big metropolitan show called, "Passing Show of 1913," and their vaudeville stunt consists of the best of that act. It is splendid and were there not another head liner, the Lewis act, this act of the Delavons and Nice would be it.

SPORTING PAGE

Members of This Quartet Are Trying to Land Places on the Fort Wayne Pitching Staff for the Central League 1914 Season.

EARL ("RED") AINSWORTH—Residence Pittsburg, age twenty-six, and engaged in baseball for a few years. Long enough to have been to the major league and back. Last year he had a season of the same variety that prevented him from sticking in fact company but he is heavier this year, has kept in good condition all winter playing basketball, and expects to show the Fort Wayne public some real pitching this year. He has a lot of friends here, and it is believed he will be a good care of himself and is a hard and earnest worker.

JESS HAINES—This young pitching person joined the team last season and pitched a few games. He does these and very naturally didn't make as much of an impression as he would have made some other place and with a better club. He is twenty years of age, and lives at Philadelphia, Pa., which is very near Dayton. Of course, he pitched some ball before he tackled the organized kind. He is a pleasing youngster, and it is believed he will be a good care of himself and is a hard and earnest worker.

LACE TAYLOR—Mr. Taylor is twenty-three years of age, according to the town records of Vandalia, Mo., which is his native village, and which he expects to put on the map just like Walter Johnson made Coffeyville, Kan., famous. His only experience outside of semi-pro ball was made with the White Sox last fall. He has a pair of baseball stockings that attract attention by reason of the fact that there is a bright orange stripe in them that would never have found an abiding place other than Vandalia.

WILLIAM CRAMER—This pitcher comes with rather more experience than any of the others. He lives at Huntington and is a married man with a family, and is living in Lakeside during the training season. In 1910 he went to the Chicago White Sox and pitched for the Frankfort and Shelbyville teams and in 1912 had a chance with Cincinnati. He was not quite ready and went to the Columbus (O.) A. A. club, and after a short stay there was transferred to Huntington, W. Va., because the club had a surplus of pitching material. He is looked upon as a fine prospect.

INDOOR WORK IS ON THE PROGRAM

Bert Dennis Hustling for Gynasium in Which Players Can Work.

SOUGHT AUDITORIUM

With Jack Baldy's pride water-logged, rain falling like it would never exhaust the supply and no prospect of getting on the regular baseball campus for a day or two, Manager Harry Martin and Secretary Bert Dennis conferred early today and the secretary was sent out on a hurry run to seek a gym for indoor work.

His first application was to the governing powers at St. Paul's auditorium but as the structure is used for school purposes and it is a difficult matter to keep youthful minds on lessons with a flock of live ball players in the same building the prospect of securing the auditorium were not bright.

Cumcordia has been used for warming up but it is a long way out and the players have no chance to get off their wet clothing after a workout and are apt to stiffen their muscles and sustain real injury to their throwing arms.

Claude H. Varnell has changed his mind about the gymnasium with the name of Fort Wayne on the back. He hasn't changed his mind particularly but has been forced to abandon the scheme because he can't get the what he wants. The lettering on the samples submitted has been unsatisfactory and he believes it will be difficult to get an arrangement that will please him.

The boss is saying the same things about the weather that other people are saying and is really disappointed. He thought that securing a gym meant some real luck this season and felt sure that weather would be favorable to spring training.

By tomorrow morning the infielders and outfielders will be on hand for their workout, and unless the rain ceases they will be forced into idleness for the first day at least. Manager Martin wants to take a few men, warmed up so he can take a presentable sort of club to South Bend with him for the game there on Sunday.

The first of the infielders to report for duty was Brant, the new shortstop secured by Chattanooga from the Petersburg club of the Canadian league, and purchased for Fort Wayne. He had been in the south training and came here to put on the finishing touches, but he expected he found was not very flattering.

Outfielder Smith, who is said to be a real sensation, is also in camp, having arrived from Chattanooga, where he trained for several weeks. He has no professional experience before but is highly recommended by some good judges of baseball.

Secretary Bert Dennis has established his headquarters for the season and will be at home to callers in the base block for the remainder of the baseball season. Two weeks from tomorrow the Central baseball season will open and there is a lot to be done in the meantime. Good weather for ten days will enable the players to get into pretty good shape for the race but the owner and expect to find among his rookies at least one real good prospect, and it is hard to pick a limited time allowed to give all fair trials.

TRAINING OF MAJOR LEAGUE BASE BALL TEAMS FOR PENNANT RACES IS IMPORTANT UNDERTAKING.

The work of preparing major league teams for the pennant races has become more and more important. At Macomb the Boston Braves had one of the most perfect establishments for training in the land; an entire floor of a magnificent hotel was set aside as training quarters. There were half a dozen shower baths, wonderfully equipped with tables with a rubber and rubber all-ways, in charge, hot rooms, lounge rooms, a card and reading room and a meeting room.

At Galtport, Detroit had magnificent

bathing and training facilities right at the grounds. Detroit perhaps has gone further than the other teams. Jennings has his daily lectures and discussions for the benefit of the youngsters. He had his advisory board, composed of Jim McGuffie, Jimmy Burke and Harry Tutbill, the trainer.

The sliding pit, a comparatively recent invention, has been taken up by the majority of the teams, and teaching players how to slide without hurting themselves has become one of the most important parts of spring training.

Another adjunct to spring training is hand ball, which has been found remarkably successful in keeping up the interest of the men. At Galtport Jennings has built three fine courts, and even after hard practice sessions the players will struggle through half a dozen games of handball.

Many of the players are well over golf, and up to date managers encourage their golfers and hunt training quarters with golf grounds within reach. A fellow who practices handball two hours in the morning and two in the afternoon, then plays thirty-six holes of golf before dinner is likely to be in pretty good condition.

IMPOSTOR POSES AS CUB CAPTAIN

Said He Was Tommy Leach and Married Memphis Woman Under Name.

FINDS REAL TRUTH

Indianapolis, April 7.—There is a woman in Memphis who is looking for Tommy Leach, the captain of the Cubs, is looking for this same gent, and if this woman and the captain locate this Tommy Leach, look out. There will be need of interference, for this Tommy Leach said that he was the real Tommy, the fellow who played with the Pirates and the Cubs, and upon the strength of this the woman fell in love with him, married him, and then he disappeared.

He is called Tommy Leach for the reason that it may be his name, and then again it may not. The woman and the captain suspect that it is not. They also believe that he picked it up, just as he did the part of the baseball war.

This is a strange story, and while the romance started in the winter and developed into a tragedy when the Cubs were in Memphis two weeks ago, the revelation did not come until today. And Tommy told the story.

Between times the woman pursued Leach with letters and long distance telephone calls to the Cub fielder until he decided on a showdown to prove he was not the much sought husband.

When the Cubs were in Tampa I received a letter from Thomas J. Leach, of the Chicago Cubs, the captain said. "The envelope was addressed in a woman's hand, and when I broke the seal I read 'Dear Husband.' It was postmarked Memphis, and I knew that some mistake had been made."

The letter was rather pitiful, for the woman wrote that she would be a good wife if her husband would return. I intended to send it back, but a special delivery letter reached me before I had time and, since this came from the same place and was addressed by the same hand, I did not open it but placed the letter in another envelope and returned them.

"When we reached Memphis a woman called me over the telephone and asked me whether I was Tommy Leach. I said I was, and she asked me whether she could make an appointment. I told her to come to the hotel, and asked Manager Casey to be present at the interview."

"She came. The moment she saw me she asked whether I was Tommy Leach. I answered that I was. Then she asked me whether I was the Leach, who played with Pittsburgh, and I answered I was. Then she asked me whether I was the Leach who was traded to the Cubs, and I answered I was."

"Then she knew the truth. Some man had taken my name, had masqueraded as me and married her under my name. She said that this man had been Tommy Leach, and he certainly was familiar with my baseball record. He told her that he was going from Memphis to New Orleans and from there to Tampa, Fla., to train with the Cubs."

"She married him after knowing him three days. He lived with her just a few days and then left. The woman left in tears before I learned her real name."

KILLIFER GOT A BOOST.

Philadelphia Gave Him Big Increase in Salary Over That Offered by Federals.

Chicago, April 7.—In offer of an increase of salary of \$668 a year was the reason why William Killifer, the baseball catcher, jumped back to the Philadelphia National league club after having signed a Federal league contract, according to a statement today by James A. Gilmore, president of the Federal league, the difference of \$668 and the breaking of the Federal league contract, led to the first divorce fight between organized baseball and the new league, which has asked the federal court at Grand Rapids, Mich., to enjoin Killifer from playing with the Philadelphia club. Gilmore said Killifer's contract with the Federal league called for the payment of \$15,500 for three years' playing. The contract Killifer later signed with the Philadelphia club called for the payment of \$19,500 for a like period, a difference of \$4,000 a year, according to Gilmore.

WALTER PIPP IS WONDER OF YEAR

Rise in Base Ball Has Been Meteoric and Very Interesting.

STARTED AS HURLER

Grand Rapids, Mich., April 7.—When the Detroit American league players here next Saturday and Sunday local fans will have the opportunity of watching the work of Walter (Lefty) Pipp, the local boy who a year ago and for two seasons has been a regular first sacker for the Detroit team this year.

Walter has been playing with the first team for the last few weeks, but at the request of many Grand Rapids fans Hughie Jennings will send Pipp here to participate in the two games to be played at Grand Rapids.

The rise of Pipp has been meteoric. Playing on local and lots he started out as a catcher in his early teens, with his brother Carl doing the pitching. The Pipp battery was a good one and many an amateur team fell before his skill. Tiring of the work and with Walter deciding that pitching was his forte, and for two seasons his work in the box was a sensation.

Next he switched to the initial sack, where his long reach enabled him to make some really important plays. Right now he has the greatest first baseman Detroit has had in years.

Pipp's work here attracted the attention of the Hastings semi-professional team four years ago and for two seasons he was the mainstay of that team at first base. Crocker, of the local Grand Rapids league team, being one of his teammates.

The latter part of 1911 the young player went to Kalamazoo to help out the Southern Michigan league team at that place. One year later his release was sold to the Detroit Tigers for the sum of \$2,500. At the time of the sale Pipp was playing first base for the Catholic university team at Washington, D. C., the faculty for the Tigers less than a year.

When the news of his sale appeared in the papers he was immediately suspended from the university team, which was the Tigers' first season. Jennings took one look at him and immediately farmed him out to Providence of the International league, which was then in dire need of a first baseman, owing to an injury to Onslow. Pipp hopped into favor by his work with the stick, hitting .455 for the sixteen games in which he participated in the International league in batting. He was next sent to the Scranton team of the New York State league, finishing out the season with that team.

When Pipp went south with the Tigers this season it was with the understanding that he was to be sent under optional agreement to Harry Martin's Fort Wayne team, but his work on the training trip has been so brilliant that Detroit critics are sure he will guard the first position for the Tigers this season. Burns, his nearest rival, is a right-handed hitter, which gives him something of an advantage over Pipp on a team of left-handers, but the work of the latter in the field is far superior to that of Burns and his batting is almost on a par, in fact during the last few weeks it has been better.

For the last four winters Walter Pipp has been a member of the local Olympic Athletic club indoor baseball team, his timely hitting featuring many games. When Harry Martin first saw him in action at the Olympic club four years ago he remarked that Pipp was the most natural looking ball player he had ever seen.

As an appreciation of his great work at the Olympic club friends and members of the club are planning on remembering him when he steps to bat the first time here next Saturday, a subscription list being started on Sunday. Pipp is also a graduate of the local Catholic central high school, and his former schoolmates are planning to be on hand to see him in action.

HOLD UP DECISION.

Judge Sessions is Waiting to Hear More in Killifer Injunction.

Grand Rapids, Mich., April 7.—Decision in the suit brought by the Chicago Federal league club to enjoin Catcher William J. Killifer, Jr., from playing with the Philadelphia National league club or any club except the Chicago Federals, will not be rendered for several days, according to an announcement made by Judge Clarence S. W. Sessions in the United States court here today. It had been expected that the decision might be forthcoming today.

Judge Sessions explained this forenoon that he had his opinion ready to file today, but he had to go back to the telegraphic request of counsel for both the Chicago Federals and the Philadelphia Nationals, who claimed they had authority to cite in his favor their contentions.

The authority played by mail, said the judge, and there will not be a further hearing in court.

JOE AZEVEDO, WHO WHIPPED WOLGAST, NOW ASPIRANT FOR LIGHT-WEIGHT CROWN.

(Special Correspondence.) San Francisco, April 7.—Joe Azevedo is about to display his goods before eastern fight fans. The little Portuguese is one of the latest surprises in lightweight circles. A little more than a year ago Joe was fighting curtain raisers for \$10 a night—and was glad to get them. Now he is investing in real estate in Sacramento, Cal., his home town.

Azevedo sprung into prominence when he stopped Al Volcast in a ten-round fight here. He then went up against Johnny Dundee. Dundee got the decision in twenty rounds, but Joe profited by his defeat.

"I learned something from that Dundee," he said; "he got up in de air and hit you one, two, three times before he come down."

Azevedo next met Owen Moran, whom he defeated in six rounds. Then he whipped Grover Hayes, Frenchy Vaise and other lightweight fighters.

He has been mentioned as an opponent for Willie Ritchie.

PUBLIC EYES ON JACK HENDRICKS

Fandom Wondering if He Can Keep Up His Flag Winning Race.

FACING A TOUGH JOB

Chicago, April 7.—With the approach of the American association pennant race, managers throughout the circuit are turning their attention to the Indianapolis club and speculating upon how much of a factor Jack Hendricks will be in the contest. Hendricks is making his debut as an association pilot, coming to the class AA circuit in a great deal of style and a pennant race in the Western and Central leagues.

"Hendricks has the greatest opportunity of his baseball career to display his managerial ability as leader of the Indians," said President T. M. Whittington, of the A. A., in commenting yesterday on the prospective pennant race this season. "He is breaking into a new and stronger element as a manager of a team that has not been a factor in the annual championship races since 1911. If he can take a full team and put it up near the top, Hendricks will certainly make a name for himself."

"There is another phase of the situation this year that puts an added burden upon any new manager, and that is the uncertain conditions that exist because of the activities of the Federal league. Knowing that the third league is lying in wait to sign up recruits who are turned back for seasonings, the major leagues are slow to let players go who may be of any possible service to them. Because of this situation it is problematical how good a showing Hendricks will be able to make at Indianapolis. However, all of the association managers are confronted by the same dilemma, a shortage of promising youngsters."

"The American association was the lightest hit of any of the leagues by the raids of the Federals. To my knowledge only three players of worth were taken by the outlaws. These were McKechnie, third baseman and Boone, outfielder, both who jumped to Kansas City."

Hendricks captured three successive pennants for the Denver club in the Western league. Prior to that Jack had won a flag in the Central league for Springfield. Whether he can keep up the flag-carrying pace he has set for himself and boost the lovely Indians into the front

Ballbearing Operated just like a carpet sweeper as illustrated, to which it is in every way superior. Easy to operate, practical and durable.

It is doing daily duty, in thousands of homes—housewives in all parts of the world are using its powerful suction to keep their homes free from dust.

Many housewives are really startled to see the amount of dirt it removes from carpets and rugs which look clean to them—which they thought were clean.

The "Dustless" Vacuum Cleaner requires no electricity, no hand pumping; you simply run it over the floor like a carpet sweeper and the turning of the wheels creates a vacuum which draws all the dust, dirt, germs, moths, etc., from the top and beneath carpets and rugs into a bag inside the vacuum. Thus you actually get rid of the dust instead of stirring it up to breathe or settle again.

With the broom woman fights dirt, and dust which is breathed into the lungs and dust is the chief cause of lung disease, especially pneumonia and tuberculosis.

It is dangerous for a child to creep or play on a carpet or rug that is not vacuum cleaned—because he is right down amongst the bugs and bacteria.

All disease has a cause. You can sidestep the cause and elude disease, if you keep your floors free from death-dealing bacteria and insects by the use of our "Dustless" Vacuum Cleaner.

SPECIAL PRICE—FREE TRIAL.—To any of the first 15 women in your city who send us \$8.10 and the names and addresses of 10 housewives you believe would be interested in the purchase of our Vacuum Cleaner, we will ship one machine prepaid and allow you 15 DAYS FREE TRIAL. If the cleaner is not entirely satisfactory return it to us within 15 days at our expense and we will gladly refund your money.

NEW HAVEN NEWS.

New Haven, Conn., April 7. Rev. Channery King will be the pastor of the M. E. church here the coming year. Rev. King was formerly stationed here but gave up the ministry to engage in the grocery business in Fort Wayne, several years ago. He has been filling the pulpit here since the resignation of Mr. Bryan last fall, and members of the church will be pleased to learn of his return. He is an able speaker and his sermon last Sunday morning has received numerous favorable comments from those who heard it.

Rev. King took for his theme the killing of Hiram, the colored woman the Anthony hotel, by "Tony" Trentman. He drew a forcible temperance lesson from the deed and pointed out plainly that others besides the man who fired the fatal shot will be held to account for the murder of the young colored man. We understand that Rev. King will continue his residence in Fort Wayne and that the M. E. parsonage will be for rent.

Stanley Monroe, of St. Joe, Ind., was in town Thursday.

Mrs. R. J. Elson and little daughter, Georgiana, returned home Saturday after a few days visit with Mr. and Mrs. O. B. Elson, near Leo.

Your Grandmother's Remedy for Purifying the Blood

And Renovating the System in the Springtime

ASK FOR SULPHUR TABLETS.

What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste.

A modern method puts the cream of tartar and sulphur into a sugar-coated tablets and mixes them with herbs, roots, etc., making a wonderful tonic and blood purifier and system cleanser.

Just try Sulphur Tablets (not sulphur tablets), but Sulphurb—remember the name—and get the tablets in sealed tubes at 50c per tube.

Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, ulcers and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form. Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked druggists.

MACHINIST BADLY HURT

Peter Berg Loses One Finger, Bone of Another Broken and Cut.

MACHINISTS' UNION GROWING

Receive Forty-One Applications for Membership in One Night.

Peter Berg, a well known machinist, employed in the Pennsylvania erecting shop, was the victim of a most distressing accident yesterday afternoon at 5 o'clock. As a result he had to submit to amputation of the third finger of his left hand at the second joint. The bone of the second finger was broken in two places and the web of the thumb was cut for a distance of an inch or more. Mr. Berg was working about the trucks of an engine when the center pin casting fell, catching his left hand between it and the steel frame of the locomotive in a manner to inflict the wounds mentioned.

DIDN'T EXHIBIT HERE.

Rain Interfered With Grape Juice Men's Plans.

It was raining yesterday when the Armour grape juice train reached Fort Wayne and the program of entertaining the newspaper men and distributing a lot of grape juice and advertising matter to spectators was not carried out. There were very few people at the depot when

the train arrived and it stopped only a minute before pulling out to the west. There was an exchange of engines made and the train then pulled out for Chicago. It was delivered to the Illinois Central road and is now en route to St. Louis, making only daylight trips. The train consisted of thirteen refrigerator cars loaded with grape juice and a coach for the accommodation of the railway and Armour representatives with their tons of printed matter. J. C. Tennant, of Cleveland, traveling freight agent of the Nickel Plate, formerly of Fort Wayne, accompanied the train over the entire Nickel Plate road and took advantage of his short stay here to "pull up" by phone a few of his intimate friends for a short talk. Trainmaster E. S. Kirby met the train at Bellevue and accompanied it to Fort Wayne and Trainmaster Ogden Pierce accompanied it over the Chicago division.

HAD DISAGREEABLE TRIP.

Pennsylvania Officials Inspect Interlockers in the Rain.

G. A. Cella, superintendent of telegraph and F. H. Buchanan, chief engineer of the signal department of the Pennsylvania lines west of Pittsburgh, did not allow the storm to interfere with their duty, though it made the journey disagreeable at times. They started from Pittsburgh yesterday morning, came as far west as Crestline, where they laid over night, and left that city at 7:45 o'clock this morning for Winona, where another stop for the night will be made. Several of the local division officials are with Messrs. Cella and Buchanan, among them being Superintendent W. M. Wardrop, Assistant Engineer Guy Scott, Division Operator H. B. Reynolds and Signal Supervisor C. L. Bartholomew, who will leave the special train at Clark, the end of the Western division, tomorrow and return to Fort Wayne.

CAR SHOPS ON SHORT TIME.

Will Work Eight Hours First Five Days and Five the Sixth.

The employees in the car department

of the Pennsylvania shops received notice yesterday that until further notice they would be required to work only forty-five hours per week, eight hours for each of the first five days and five hours on Saturday. Fifty hours per week will be the working scale in the locomotive department, after this week, which is affected by Good Friday, when the shops will not be in operation.

FRIENDSHIP LODGE BOOMING.

Had Seven to Initiate and 41 Applications to Act on Last Night.

Friendship lodge, No. 70, International Association of Machinists, is engaged in a membership campaign and it is the latter part is as successful as the first, there will be but few machinists out of the ranks when it closes. At the meeting last night seven applicants were initiated and forty-one applications were favorably acted upon. It was one of the best meetings of the season. The coming annual ball to be given at Shriners' temple April 24, was also discussed. This will be an invitation affair, each member being privileged to invite his friends, but it will not be open to the general public. Last year a similar event was one of the most enjoyable dances of the season.

NOT DUE TO RATES.

The reduction in men employed on the New York Central lines is not due to the refusal of the interstate commerce commission to grant the 5 per cent increase in freight rates, according to the statement recently made by A. T. Hardin, vice president of the company. "It is the result of the big losses which railways have experienced," said Mr. Hardin. "It is a mistaken idea that wholesale cuts in the number of men employed have been made at any one time and especially recently. The reduction of men since September has been a gradual thing from month to month."

ROUND HOUSE FOREMAN SICK.

S. A. D. Heath, general foreman of the Grand Rapids and Indiana round house at Kalamazoo, is dangerously ill with pneumonia. He has been sick with the disease for several days and yesterday was very bad. Mr. Heath was formerly a locomotive engineer running in and out of Fort Wayne, and is quite well known in Pennsylvania and G. R. & I. circles in the city. He has been foreman of the Kalamazoo round house six or seven years.

WABASH TRAINS ARE LATE.

Detouring Wabash trains around the scene of Sunday's disaster is delaying all of them. The detour is made over a short connecting line at Attica with the Monon, making about twenty-nine miles extra for the trains to travel. No. 28 came in Fort Wayne over two hours late this morning, the delay being due principally to the detour. It will be a week before trains will be crossing the river at Attica on temporary tracks and some time later when the permanent bridge will be in position.

WORKING FORTY HOURS A WEEK

The employees of the Wabash shops will begin their forty hours per week, according to notice posted in the shops yesterday. The scale will be eight hours per day for the first five days and a Saturday holiday. The work at the local Wabash shops is not very rushing and the prospects for improvement are not very good. Business out on the line is not heavy.

BACK TO SUNNY ITALY.

Over forty Italian men and women occupied a coach on Nickel Plate train No. 2 yesterday afternoon, en route for New York, from whence they will embark Thursday for Italy, their native country. These people came from the Pacific coast country and all expect to return as soon working conditions improve.

MAY TO SUNDAY RATES BEGIN.

Agent C. A. Fritchard, of the Nickel Plate, was advised last night that the dollar Sunday rate on that line would become effective May 10, the first train for which tickets will be sold being No. 4, westbound, which leaves the city at 4:30 Saturday evening, May 9. The rates and other conditions will be exactly the same as in previous seasons.

HAD BACK SPRAINED.

Fireman Reed severely sprained his back while operating the shaker bar on engine 7456, which was bringing a freight train down from Chicago last night. The accident happened at Valparaiso and Mr. Reed continued at work until the train reached Plymouth, where he was relieved by another fireman and came home. He will be unable to work for a week or two.

INDUSTRIAL NOTES.

Machinist Fred C. Weimer will go to Warsaw tonight to look after some business matters.

Ed Harsh is kept from work in the Pennsylvania machine shop by sickness in his family.

Mrs. Morell, wife of Pennsylvania Machinist A. J. Morell, has gone to Van Wert to visit her mother.

Machinist Ed Paul resumed work at the Pennsylvania shops this morning. He had a finger injured last week. Ross Kennedy, stenographer for Master Car Builder J. A. Graham, of the Pennsylvania shops, is sick and off duty. Mrs. T. J. Errington, wife of the Pennsylvania machinist, will go to Chicago Thursday to see a friend who is very sick.

C. E. Robinson, work inspector at the Pennsylvania blacksmith shop, has gone to Columbus, O., on private business which will keep him there ten days.

Mr. and Mrs. J. A. Hupp, of 1415 Summit street, are entertaining a baby son who arrived Saturday. Mr. Hupp is employed in the Pennsylvania machine shop.

F. A. Mosher, Pennsylvania boiler-maker, is quarantined on account of diphtheria being in the family. He had the misfortune to lose one of his children by the disease.

Daniel Gordon and Joseph Metker were appointed chairman and assistant chairman, respectively, of the Stereotypers' union to select other committee members for the purpose of formulating plans

for entertaining the visiting stereotypers at the meeting of the State Federation in September. It is expected there will be at least twenty-five stereotypers from out of the city at the meeting.

Albert Lapp, of Peru, is visiting his father, ex-Lieut. Henry Lapp, and other relatives. He is employed in the Wabash shops at Peru now, but formerly worked in the local shops.

The mystery attending the absence from the Pennsylvania blacksmith shop of A. J. Johnson was explained this morning. His wife presented him with a daughter yesterday, the first in the family.

J. M. Zollars, of the planing mills, and A. C. Havland, of the car machine shop, of the Pennsylvania, reported for work this morning. Mr. Zollars was sick a week and Mr. Havland was sick two weeks.

Walter Fuchshuber, for three years employed at the Fort Wayne Electric works, the last one in the motor department, resigned yesterday and this morning took employment with S. Freiburger & Son, leather dealers.

Entroy Johnson, who had been visiting in Decatur, Ind., was on the Wabash train that went through the river bridge at Attica Sunday. He was not hurt and was able to resume work in the shops in this city yesterday.

Gang Foreman Harry Emmerson, of the Pennsylvania machine shop, is off duty today on account of sickness. Other shopmen who are sick and off duty are Nick Miller, J. J. Moore, E. H. Rebling, William Neizer, V. C. Miller, W. F. Kolpoff, B. Stefanawicz and E. C. Walda.

The Wabash called out the "emergency" force at the local shops last night and sent them to Attica to assist in repairing the bridge which went down Sunday and precipitated the Continental limited train into the Wabash river. The derricks are there and efforts are being made to lift the locomotive from the bed of the stream. About fifteen men went down to Attica on train No. 3 last night.

ADDRESS MERCHANTS.

Theodore F. Thieme Discusses Business Form of Government.

In addressing the regular monthly meeting of the Fort Wayne Retail Merchants' association Monday evening, Theodore F. Thieme declared that three-fourths of Indiana's cities do not own their own utilities. He suggested a plan to ask the Indiana legislature in its next session to pass laws allowing cities to adopt the business system of municipal government if they so desire.

According to Mr. Thieme, corrupt politics is responsible for the operation of many public utilities owned by private corporations. Mr. Thieme recalled the attempt of the committee of which he was chairman, representing the federation of commercial clubs, to get a bill through the past session of the legislature and during the course of his address he cited numerous instances where the business form of city government has been proved a success.

WELLESLEY STUDENTS RETURN.

Temporary Structures Replace Fire-Swept Buildings.

Wellesley, Mass., April 7.—A temporary wooden building for the college of boys and class rooms was ready for use when the students of Wellesley college returned today to resume their studies, interrupted by the fire which destroyed the college hall March 17. The building, which was erected in ten days, is a one-story structure containing sixty-six rooms. The young women who roomed in college hall will be accommodated in other dormitories. The trustees estimate that \$1,500,000 will be needed for the construction and equipment of a building to replace college hall. They have sent an appeal to the alumnae for this sum.

Be Pretty! Turn Gray Hair Dark

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 30 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Restorative Treatment for Nervous Men

Coming from a source of unques-
tioned authority, on the ailments of
men it is presumed to be infallible,
while the profession generally en-
dorses the ingredients and prescribe
them in many different forms of
various diseases. The following
formula is highly efficient in
quickly restoring in nervous ex-
haustion, melancholia, anxiety,
humidity, in venturing dizziness,
heart palpitation, trembling limbs,
insomnia, thinness, cold extremi-
ties, first-aid in feeling and gen-
eral inability to do those things
and rational acts upon which de-
pends a man's success and happi-
ness in social and every-day life.
The instructions for mixing at
home so that no embar-
rassment may be felt, are as fol-
low: First, get three ounces of
syrup sarsaparilla compound and
one ounce compound fluid balsam;
mix and let stand two hours.
Then add one ounce compound sa-
sarsaparilla and one ounce thes-
ture cadomene compound (not
cardanum), and mix all together.
The directions are to take one tea-
spoonful after each meal and one
when retiring, until bounding
health and full strength are re-
stored. Even a few weeks will
witness most wonderful results.
Astounding nervous force and
equilibrium follow the treatment.
No matter how serious the case.
This contains no opiates what-
ever and may also be used by
women who suffer with their
nerves with absolute certainty of
prompt and lasting benefits.

HORSESHOERS TO BE HERE 2 DAYS

State Convention Will Be
Held at Commercial
Club.
EXPECT A BIG CROWD

The annual convention of the Indiana
Association of Master Horseshoers is to
be held in this city Wednesday and
Thursday, and according to F. J. Per-
rey, treasurer of the national organiza-
tion, more than one hundred members
will attend the sessions.
The convention is to be held in the as-
sembly hall of the Commercial club, and
among other matters of importance to be
discussed is action on a resolution to be
sent to either Indiana or Purdue univer-
sities asking that horseshoeing be in-
cluded in the regular curriculum in the
vocational training and agricultural
departments. Other states have done this,
and the subject will be thoroughly
thrashed out during the sessions of the
state horseshoers' association.
The subject of importance that will
be considered is the attempt of the gov-
ernment to dissolve the national organi-
zation of master horseshoers J. C. Burk-
head, editor of the Horseshoers' Journal
at Detroit, is to be present, and the state
officials will arrive the city tonight.
The present officers are:
President, Christian Wunderlich, of
Evansville; first vice president, George M.
Tindel, of Indianapolis; second vice pres-
ident, J. G. Somers, of Muncie; secretary
and treasurer, L. M. Pass, of Red Key.
The program of entertaining the out-
of-town members, all of the horseshoe-
ing establishments in the city will close all
day Thursday. Mr. Perrey is in charge
of the program, and will direct a tour of
the principal points of interest about the
city.

Why It Suits Particular
People.

Foley's Honey and Tar Compound is
prompt and effective for coughs, colds,
croup, hoarseness, bronchial coughs and
for any condition where the membranes
of the throat and bronchial tubes are in-
flamed and raw. Thomas Veron, Han-
cock, Mich., writes: "Foley's Honey and
Tar has always proven effective, quick-
ly relieving tickling throat and stopping
the cough with no bad after effect." It
contains no opiates, and is a pure re-
liable medicine. That's why it suits
particular people. Drier Drug Co.—
